INJURY ATTORNEYS

Did you know veterans are 50% more likely to experience homelessness than the average American? If you believe that our heroes deserve our full support and more, please join us in saying "thank you" during this week of service.

We're collecting necessities to help veterans and veteran families who have fallen on hard times. Join our friends at Montlick & Associates who have sponsored this year's Veterans Day Week of Service and donate individually or rally friends and family for a bigger impact!

HOPE Bags - Provide hygiene essentials to unsheltered people and families.

Move-In Kits - Give household essentials to help people and families transitioning out of homelessness.

Cleaning Kits - Help a newly-housed family keep up their new home.

Want to help but don't have the time to collect and assemble?
